

Sage Dev Stream Online Frequently asked questions

18 March 2021

What is Sage Dev Stream? Sage Dev Stream is a half-day virtual event for all software developers, innovators and engineers.

When is Sage Dev Stream?

The first Sage Dev Stream will take place on **Thursday, 18 March 2021**. Visit [Sage Dev Stream](#) event page for more information.

Where will Sage Dev Stream take place?

Sage Dev Stream **will be a virtual event**. Join us from the comfort of your home, office, or jobsite. You can participate anywhere that you have Internet access—your desktop, mobile or tablet device. Visit [Sage Dev Stream](#) event page for more information.

Who should attend Sage Dev Stream?

If you're a developer with an app that could be useful to Sage customers, thinking of building an app or just curious about Sage, then this event is relevant to you. The event has both technical and non-technical sessions, so you don't have to understand code to get value out of the day. Check out the agenda for details.

When will the agenda be available?

The agenda is available now. Visit [Sage Dev Stream](#) event page for more information.

When will registration open?

Registration is now open. Please watch [Sage Dev Stream](#) event page for updates. Or visit [Sage Dev Stream](#) to register now.

How much does it cost to attend?

The virtual event is free for you to attend and access the downloadable content.

Do I need to register to attend the virtual event?

Yes, you will need to [register](#) to enjoy the virtual event.

I received the following registration error “Email address already in use”. What do I do?

If you received this error, it means you have already registered for the event. You are all set and do not need to do anything else to register.

What types of content will be offered?

The event offers strategic overviews, product updates and technical deep dives into specific topics. We also feature discussions with leading developers on their experiences building successful products.

Who will be speaking?

Our speaker lineup is live. You will hear from Sage leaders, key members of the product and technology teams and partners. Please visit [Sage Dev Stream](#) event page for more information.

Where can I learn more about Sage Dev Stream?

Please visit [Sage Dev Stream](#) event page for more information.

How do I log in on the day of the event?

Shortly before the start of the event, you will be able to access the live portion by selecting the “Login” button on [Sage Dev Stream](#) event page.

Your login details will be your email and password created during registration. You can use these details to access the online event.

How long will the on-demand content be available online after the event concludes?

The on-demand content will be hosted for 30 days following the event.

Who do I contact if I have troubleshooting issues on day-of?

Send an email to sagedevstream@getvfairs.io for any technical assistance.

Which browser is best for video streaming?

We recommend Chrome and Firefox.

What can I do to improve my video streaming quality?

Good internet connectivity will ensure high quality video streaming.

Still have questions?

Email SagePartners@Sage.com and the Sage Dev Stream team will get back to you.
