Reasons to Sponsor

Learning

Drive business outcomes by sharing your expertise and showcasing your business's targeted solutions and integrations that help extend the value of Sage products.

Community

Build your Sage community with access to Sage and industry leaders, and the partner community through multiple engagement opportunities.

Alignment

Understand the Sage vision, culture, and strategy, and how we will work together to win in FY23 and beyond.

Inspiration

Stand out in the Sage ecosystem as a partner that understands what it means to focus on the customer and can help our partners build their businesses

Visibility and promotion

Your business will be purposefully integrated into event experiences that highlight your partnership with Sage

Testimonials from 2022

“Partner Summit was a success for us. **Under one roof we were able to connect and network** with VARs across the Sage ecosystem. It's always a pleasure to run into old friends and educate our new ones on how we can help impact their business.”

“Sage Partner Summit is a great way to **share ideas**, meet new partners and **come together** learn about the best solutions to meet client needs.”

“Sage Partner event is a well-designed forum to **collaborate with peers** to learn, collaborate and **build relationship** for the Sage community.”

This is our third year as a sponsor and it keeps getting **better every year. 100 percent**, we get a lot of business value from the event, whether that is spending time with our existing partners, getting to know new ones, or simply **networking with all the Sage executives**. We feel **part of the fabric at Sage** .”

“Sage Partner Summit was the perfect Sage event, bringing together many of the companies who provide **best in class services** and/or products as essential elements of the Sage Ecosystem. Whether you want to learn more about Sage's near term and long term directions, whether you want to share your own thoughts or ideas, or whether **Sage is a foundation of your business**, this event is a '**must**.’”

“Sage Partner Summit was a great place to connect with other partners and Sage Leadership to determine how we can all **work better together to win in the market**.”

Testimonials from 2022

“Felt like the Neighborhood was a place people wanted to be, great use of space which **enabled lots of side meetings** and catch ups (e.g., the extra chairs around the place). Loved that the theatre stage was in the same location as the neighborhood as it felt like it **drove traffic** at key times and **created a real buzz** (same as mealtimes). Neighborhood concept really matched the theme and narrative of an ecosystem of partners and **togetherness**, also really felt like a brand concept matched the overall branding launch and general buzz.”

“A key experience, offering the **ability to learn** and **meet global Sage partners** in one venue.”

“Sage Partner Summit is a **must go-to event** for any new or old Sage Partner. The Sage partner networking, idea exchanges and business interactions gives right pulse to **build up and expand one's business plan** for the entire year.”

“Sage Partner Summit is **THE PLACE to be** if you are a stakeholder in the future of modern financial management. I appreciated the thought leadership by Sage Executives and the networking is invaluable. Thank you, Sage team!”

“The Sage Partner Summit provides a **great opportunity for my company to interact** with existing and potential domestic and international partners.”

“Excellent networking opportunity in a **fun and engaging atmosphere.**”
