### Forward looking statements

Some of the event presentations may contain projections of other forward-looking statements regarding future events or the future financial performance of Sage, its partners, and affiliates. In addition, any statements that refer to or may imply future financial performance, our anticipated growth and trends in our businesses, and other characterizations of future events or circumstances are forward-looking statements. All such statements that are not historical facts are based on our current expectations and are subject to a number of risks and uncertainties, and the actual events or results may differ materially. Actual results may differ materially from those contained in forward-looking statements, including, among others, variable product demand; product introductions by Sage's competitors; pricing pressures; and manufacturing issues, including product defects, errata, lower than anticipated manufacturing yields, and supply of components.
