## *Frequently asked questions*

### **What is Sage Sessions Online?**

Sage Sessions Online is a free, virtual experience on Wednesday, 7 July 2021. As we get back to growth, it's not what the year holds for Sage that excites us, it's the stories of success and renewal we're going to help our customers to write.

So this year we're shifting the centre of gravity from the conference room to the shop floor with a focus on real people and real businesses from real locations.

Above all else, you will get practical guidance and inspiration from: Businesses like you; our in-house experts; leading public policy figures and business leaders.
